WORK EXPERIENCE

Web Designer

EyeGlobal Solutions – March 2025 to June 2025

- Redesigned legacy websites into modern, responsive layouts.
- Worked with designers to build user-friendly, visually appealing designs.
- Ensured SEO, mobile responsiveness, and cross-browser compatibility.
- Designed wireframes, user flows, and page layouts to define website structure and functionality.
- Produced sketch-based UI concepts and prototypes to validate design ideas before development.
- Created user-centric wireframes and information architecture for responsive web applications.
- Created wireframes, UI mockups, and interactive prototypes in Figma based on client requirements and user experience best practices.
- Collaborated with developers using Figma design systems, ensuring pixel-perfect implementation and consistency across responsive web pages.

Frontend Developer

Alchemy Advertising Pvt Ltd – April 2024 to Dec 2024

- Developed rich media ad creatives with interactive animations using CSS3 and GWD.
- Designed mockups using Celta and Nexd for ad campaigns.
- Worked on AR/QR-based engagement ideas and device interaction features.
- Used JavaScript for dynamic content and motion-based designs.
- Pixel-Perfect Figma-to-UI Design Implementation

Associate UI/UX Developer

Inuxu Digital Media Technologies Pvt Ltd – July 2021 to Feb 2024

- Created interactive banners for social media advertising using Photoshop and Illustrator
 - Designed and developed UI components using HTML, CSS, SCSS, and React.js.
 - Figma to HTML conversion with responsive design
 - Created engaging animations and responsive ads using GWD and jQuery.
 - Built wireframes in Figma and delivered visually rich user interfaces.
-

KEY PROJECTS
